

The MPA Fishing Coalition Fighting Fund

A new all-UK fishing industry body, **the MFP Fishing Coalition**, has now been established with the support of the national fishing federations and a wide range of other fishing organisations.

The purpose of the Coalition is to ensure that fishermen have a strong and united voice at the highest levels during the establishment of a network of marine protected areas in the waters around the UK.

All fishermen, fishermen's associations, ancillary trades and community organisations are invited to become affiliated to the **MPA Fishing Coalition**.

To register as an individual or association please fill in the form below and return it to the address below.

There will be no membership fee but the MPA Fishing Coalition will only be as effective in defending access to important fishing grounds as the commitment given by the fishing industry and its friends. We are therefore establishing the MPA Fishing Coalition **Fighting Fund** and inviting contributions.

Members of the coalition will be kept advised of recent developments and will be invited to keep the Coalition advised of their specific concerns and issues to ensure that these are taken into account at the highest level
MPA Fishing Coalition

I wish to become a supporter of the MPA Fishing Coalition

Name (individual/association)

Address

Postcode

Telephone

Email address

I/we would like to contribute £..... to the MPA Fishing Coalition Fighting Fund.
