

Safety Equipment Project Expression of Interest

The NFFO is preparing a project for EMFF funding to support members with the purchase of safety equipment that will assist becoming compliant with new upcoming codes of practice and assist critical areas of good practice as identified by the MAIB and the Fishing Industry Safety Group (FISG).

In order to support this we need to know what the level of demand will be among the NFFO membership. Please consider what items may be available below under such a scheme and complete and return the form. **PLEASE NOTE, WE CANNOT GUARANTEE AT THIS STAGE WHETHER OR NOT THE SCHEME WILL BE FUNDED, OR PROVIDE A SPECIFIC TIME WHEN IT WOULD COMMENCE. YOU WILL BE NOTIFIED ACCORDINGLY.**

The table below list the items we are seeking to supply as part of the project, together with **indicative** total costs. We anticipate that the following funding rates will apply depending on vessel size and therefore you will need to factor in these when considering whether you wish to benefit from the project:

- 80% under 12m Static gear only.
- 50% all trawlers and over 12m.

Below is the total cost of product before EMFF grant. Delivery fee of £15 per consignment.
